Dear Mr. Nordby:

This letter is to serve notice, as the representative of the Registered Nurses at Methodist Hospital, pursuant to Section 39. Duration and Renewal of the Contract Agreement, of our intent to open the collective bargaining agreement for purposes of changes or modifications.

It is expected the employer will release our team members from work to participate in the negotiations. We are prepared to formally exchange the names of our bargaining teams at any time you desire. Minnesota Nurses Association (MNA) proposes the following as logistics for bargaining:

1. We will schedule a minimum of three bargaining sessions each in the months of March, April, and May 2019, concluding no later than May 15th.
2. Negotiations will take place at the Hospital, or a mutually agreed upon site if rooms are not available at the Hospital.
3. The employer will compensate RN team members for time spent in negotiations at their regular rate of pay, including differentials.

We received your letter dated January 10, 2019 proposing that MNA and Methodist Hospital bargain at a local table. MNA agrees to bargain on behalf of nurses employed at Methodist Hospital at the hospital level. However, please be aware that MNA's Metro Negotiating Committees with contracts expiring on May 31, 2019 intend on coordinating bargaining efforts with one another.

We look forward to productive meetings and working with you in the future. On behalf of the nurses, we take pride in continuing our work together. Please provide me with a listing of dates, beginning on March 1, 2019, when the employer is available to negotiate. The Agreement requires that the parties submit proposals to one another on or before March 15, 2019.

In order to prepare for the upcoming negotiations, MNA requests that the following information be provided well in advance of the first bargaining session. It is for this reason that we are submitting the request six weeks prior to bargaining. For each bargaining unit, please provide:
