Subject: HealthEast/MNA Negotiations

Dear Evangeline:

To follow up on our conversations and correspondence regarding the negotiations between HealthEast Care System - St. Johns, St. Joseph's, and Bethesda Hospitals and the MNA in 2019, I want to convey our thoughts on a potential approach.

Given the MNA's rejection of our offer to conduct a wages only negotiation, we propose bargaining jointly with all three HealthEast hospitals together on a local table basis.

Again, we look forward to a collaborative and productive negotiation with the MNA and await your response.

Sincerely, Mark Sorenson
