CHI St. Alexius Bargaining Comparison – 8/7 updated version

This comparison was prepared at the end of our July bargaining sessions and is still relevant following our first August session, which was held on 8/6. We will update the chart when there are significant changes.

This comparison is not exhaustive! We are including the parts of proposals where there is a difference between our position and management's. We have not included all of the MNA and Management proposals that currently match. You are definitely encouraged to reach out to your bargaining team with questions!

As soon as possible after we reach a Tentative Agreement on each contract article, they are posted at <u>mnnurses.org/news/2020-negotiations/st-alexius/</u>. Currently, we have Tentative Agreements for over 40 articles. A "Tentative Agreement" is tentative until an agreement is reached on every article, a ratification vote is held and the majority of voting nurses ratify it.

Article	MNA's position	Management's Proposal	
Pay	Wage scale starting at \$28.75 and going to step 35 at \$47.03. All nurses will advance one step on the pay scale for each year of service.	Wage scale starting at \$27 and going to step 25 at \$40.06. All nurses will advance one step on the pay scale for each year of service.	
	 Retroactive pay back to April 1st, 2019. All nurses will be placed in pay steps accordance with their experience and length of service on wage scale at ratification. ATB Cost of living adjustments of 3.5% July 2021 and 3.5% July 2022. 	No retroactive pay. Movement to scale will be finished in 2022 ATB Cost of living adjustments of 2.25% July 2021 and 2.25% July 2022.

Nursing Advancement	BSN: \$1 per hour, MSN: \$2 per hour		
Safe Patient Staffing	 Right to Refuse Unsafe Assignments: Management will recognize the ethical obligations inherent in the nurse/patient relationship and the accountability and authority of the registered nurse related to her or his individual practice. If a nurse receives an assignment that they judge they cannot accept safely, the nurse has the right and obligation to request and receive a modified assignment. No disciplinary action shall be taken against a nurse for exercising this right. Break Resources: Each unit will have a nurse assigned to cover breaks on every shift, who is not included in the staffing grid or productivity numbers. Department Minimums: The following departments require minimum staffing regardless of census: NICU- 3 RNs, Labor and Delivery- 3 RNs, ICU- 2 RNs, OR- 1 RN, Emergency Room-4 RNs, All other units- 2 RNs APGAR RN: For the purpose of safe patient care, an APGAR nurse will be assigned, on every shift, to perform APGAR assessments who is not included in the staffing grid or productivity numbers. 	 Ethical obligations: The nurse has the right to refuse an assignment that she/he does not feel prepared to assume based on their trained competencies. Break Plans: Each unit will have a break plan to schedule appropriate breaks recognizing the need to prioritize patient safety. Department Minimums: The following departments require staff to be present within the hospital at all times regardless of patient census: NICU, Labor and Delivery, Intensive Care Unit, Operating Room, Emergency Department 	
	 Team Lead, Triage RN and PACU/PSCU Resource RN shall not be assigned primary responsibility for patients during the time they are working in a charge or triage capacity; meaning that the charge or triage nurse is in addition to, and not part of, the number of nurses required to staff a particular unit/shift. Ancillary Staff: maintaining staffing of assistive personnel on any patient care unit is critical to the overall delivery of safe patient care

Insurance	No reduction or diminishment in any of the benefits that are described within this article. All part-time and full time nurses who have position with an FTE of .4 or more, shall be eligible for and covered under the Hospital's hospitalization and health insurance plan. The hospital agrees to pay ninety percent (90%) of the premium for nurses seeking Single, Single + Significant Other, Single + Dependents, and Family Coverage. If a nurse declines health insurance coverage she/he will receive payment equal to the amount that the Hospital pays toward such coverage. Premium splits (hospital percentage/nurse percentage) Dental Insurance (90/10), Vision Insurance (100/0), Short-term Disability (100/0), Long-term Disability (100/0), Cancer Insurance (0/100), Life Insurance (100/0), Flexible Spending Accounts	No protections
Resignation and Retirement	Retirement: In the case of retirement (resignation after 20+ years of service) the Hospital will continue to provide insurance benefits for a period of one (1) year at their current rate. Retirement Plan: The Hospital will continue to provide a 403(b)- retirement plan to nurses. The Hospital will contribute three percent (3%) of a nurse's earnings for all members of the bargaining unit participating in the plan, beginning upon employment. The Hospital will contribute up to an additional seven percent (7%) to match a nurse's contribution up to ten percent (10%).	No protections
